PRESS RELEASE

Zoomlion NA Participates in ICI

Peoria, September 2022: Zoomlion Heavy Industry NA, Inc. participated as a speaker, in the Innovations Conference on Infrastructure event at the Par-A-Dice Hotel, Peoria, Illinois. The event was in-person conference since its 2019.

The Innovations Conference on Infrastructure (ICI) is focused on bringing the decision makers from governments, legislators, educators, and business to solve major problems facing our world through candid and honest discussions. The ICI covers topics on both Human and Physical Infrastructure, bringing experts and speakers from relevant areas for candid dialogue.

Zoomlion NA Sales Manager, Phil Cherrico, spoke at the Innovations Conference on Infrastructure, on the construction of the Pingtan Strait cross-sea bridge. The world's longest combined road and rail cross sea bridge. This was a project in which Zoomlion NA R&D Engineers developed technologies in manufacturing and design, opening a new avenue for tower cranes utilization on civil projects.

The Zoomlion Tower Crane was chosen for this project for 4 reasons; 1. Design Method of Crane 2. Climbing Cage and Automatic Warning System 3. Jib Slewing Control Technology and 4. Anti-Corrosion Technology. More than 40 Tower Cranes participated on this construction project. Since this project, the Zoomlion Tower Cranes have been used in similar project around the world.

ABOUT ZOOMLION

Founded in 1992, Zoomlion Heavy Industry Science & Technology Co., Ltd. is mainly engaged in developing and manufacturing major high-tech equipment in the areas of engineering and agricultural industry.
